Overman's Nursery

1923 Catalog & Price List

Monroe St. and Riverside Ave.
Spokane, Washington

Office Phone Main 5450

Res. Phone Maxwell 1155

Please Read

Weather conditions are usually such that we are able to deliver our trees and plants after the middle of October in the fall, and usually from March 1st to June 1st in the spring, at which times we forward all out-of-town orders by express, it being the more satisfactory way except when advised otherwise, the Express Company assuming the responsibility of proper delivery in all cases.

Should any tree or plant prove untrue to name, we will gladly give you one in its place or refund the purchase price, it being agreed between the customer and ourselves that we will not be further responsible. We know the disappointment occasioned by having any mistake occur, and assure you that the greatest care is taken at all times to prevent it.

Anything you may desire in the nursery line may be obtained from us if procurable, even though not listed herein.

We are in business to please you, being always glad to advise, and discuss your planting problems. Your success is ours.

Cash or satisfactory reference must accompany orders.

If you cannot plant the trees as soon as you receive them, remove from packing at once and cover the roots with soil. Never expose them to sun or wind. Make the holes large enough in planting to admit the roots without cramping or bending, and deep enough to cover the roots well, using fine surface soil, packed quite firmly. If the ground is dry it is a good plan to add a pail or two of water between shovels full, allowing it to sink in before completely filling the hole.

Be sure to cut the tops back fully one-third after planting.

SUITABLE DISTANCE FOR PLANTING

Apples	25 to 30 feet apart each way
Pears	20 to 25 feet apart each way
Cherries, Sweet	20 to 25 feet apart each way
Cherries, Sour	16 to 20 feet apart each way
Plums and Prunes.....	16 to 20 feet apart each way
Apricots, Peaches and	
Nectarines	16 to 20 feet apart each way
Quinces	10 to 15 feet apart each way
Grapes	3 to 8 feet apart each way
Currants and Gooseberries.....	4 by 6 feet apart
Blackberries	3 by 5 feet apart
Loganberries	8 by 8 feet apart
Raspberries	3 by 5 feet apart
Strawberries	1 by 2 feet apart

To estimate the number of plants required for an acre, at any given distance, multiply the distance between the rows by the distance between the plants, which will give the number of square feet allotted to each plant, and divide the number of square feet in an acre (43,560) by this number. The answer will be the number of plants required.

Fruit Department

APPLES

	Each	10	100
1 year old, 3 to 4 feet.....	50c	\$4.00	\$30.00

Ornamental Department

SHADE TREES

All our ornamental and shade trees are one or more times transplanted and should not be compared with stock taken from the seedling row. We send out nothing but first class, well rooted straight trees.

Birch, European White—Graceful, white barked tree, suitable for lawn planting. Each.....\$1.50 to \$2.00

Catalpa, Speciosa—Large, quick growing shade tree, heart-shaped leaves, white flowers.
Each\$1.00 to \$1.50

Crab, Bechtel's Double Flowering—Handsome, small growing tree, covered with double pink blossoms in May. Very popular. Each.....\$1.00 to \$2.50

Horse Chestnut, White Flowering—Excellent shade tree, growing large and shapely. Rather slow.
Each\$1.50 to \$3.50

Laburnum (Golden Chain)—Grows ten feet or more, graceful, golden pea-shaped flowers in June.
Each\$1.00 to \$2.00

Linden, European—Large of leaf, slow of growth. One of the best trees for permanent planting.
Each\$1.50 to \$3.00

Locust, Black—The most popular shade tree because of its quick growth and sweet, white flowers in May. Needs severe pruning every year. Each 75c to \$2.50

Mountain Ash—Noted for its beautiful clusters of bright red berries in the fall. Each.....\$1.50 to \$2.50

Maple Argenta (Variegated Leaf)—Has light colored foliage; contrasts finely with Prunus Pissardi.
Each\$2.00 to \$3.00

Maple Norway—Hardy, fairly rapid growing, forming a perfect rounded head, with deep green leaves. Positively the best parking and all around shade tree for this vicinity. Each.....\$1.50 to \$3.00

Maple Schwedlerii—Same as the Norway, but the leaves are rich red in early spring, changing to purplish green in a few weeks. Very scarce.
Each\$2.00 to \$3.00

Maple Soft or Silver—Large size, irregular form, leaves silvery beneath. Rapid grower.
Each\$1.00 to \$2.50

Maple Sugar or Rock—Stately, slow growing, foliage highly colored in Autumn. Not popular here.
Each\$2.00 to \$5.00

Maple Sycamore—Handsome tree of rapid upright growth, smooth ash gray bark. Well liked.
Each\$1.50 to \$3.00

Oak Pin—Foliage dense, deeply cut, beautiful shiny leaves in Summer, bronzy in Fall. Very desirable.
Each\$2.00 to \$3.00

Oak Red—Broad tree of fairly rapid growth, large leaves, which turn to bronzy red in Autumn. Hardy.
Each\$2.00 to \$3.00

Oak Scarlet—Fine ornamental tree, medium growth. Best of all for Autumn coloring. Blood red from first frost, and many times the leaves hang on tree all winter. Each.....\$2.00 to \$3.00

OVERMAN'S NURSERY, SPOKANE, WASH.

- Poplar Balm of Gilead**—Fast growing, luxuriant foliage. Each75c to \$1.50
- Poplar Bolleana**—Tall and slender, green bark; leaves green above, silvery beneath. Hardy and rapid grower. Each75c to \$1.50
- Poplar Carolina**—The fastest growing tree we know, broad green leaves, casting dense shade very young. Fine for windbreak and country planting. Not good for city. Each50c to \$1.50
- Poplar Lombardy**—Will grow and thrive where no other tree can live. Tall, slender and stately. Each75c to \$1.50
- Prunus Pissardi**—Rich purple leaves all Summer. Hardy. Each\$1.50 to \$3.00
- Prunus Triloba**—Hardy and beautiful tree or shrub, covered in early spring with quantities of double pink rosettes. Each\$1.50 to \$3.00
- Rose Acacia**—A remarkable shrub or small tree, producing clusters of rich pink sweetpea-shaped flowers in June, and often two or three times during the summer. Each\$1.50 to \$2.50
- Thorn, Paul's Double Flowering Scarlet**—The most strikingly handsome ornamental tree in our catalog. Covered with clusters of scarlet rosette flowers in April or May. Each.....\$1.50 to \$3.00

WEeping TREES

- Ash, Eup. Mountain**—Forms a pendant canopy of twisted scarlet berried branches, beautiful and showy. Each\$3.00 to \$4.00
- Birch, Cut Leaved**—The aristocrat of the weeping trees. Silvery white bark, delicate, finely cut green leaves. Each\$3.00 to \$5.00
- Elm, Camperdown**—Strong, stout branches, making a broad, handsome head. Dark green foliage, large and leathery. Each.....\$3.00 to \$5.00
- Mulberry, Tea's**—Graceful, willowy branches, drooping to the ground. Leaves distinctly lobed, black berries. Each\$3.00 to \$5.00
- Willow, Gold Bark**—Rich golden yellow bark and branches, leaves slender, deep green. Rapid grower, graceful. Each75c to \$1.50
- Willow, Wisconsin**—Exceedingly hardy and dependable. Each\$1.00 to \$1.50

FLOWERING SHRUBS

- Almond, Double Flowering**—(Pink, White or Red.) Graceful, medium sized shrubs, covered with double rosette blossoms in May. About four feet tall. Each\$1.00 to \$2.00
- Barberry, American**—(Common.) An upright shrub about five feet tall, drooping over in fall and winter with heavy clusters of red berries; autumn foliage. Each35c to \$1.00
- Barberry, Illicifolia**—(Holly leaf Barberry.) Almost evergreen, rich glossy foliage, very attractive. Each\$1.00 to \$2.00
- Barberry, Purple Leaf**—Rich purple leaves all Summer, red berries in Fall, about five feet tall. Each50c to \$1.00

Order Early and Secure Your Choice of Varieties

- Barberry, Thunbergii**—Deep green leaves, dense and bushy. Fine Autumn coloring, red berries all Winter. Three feet. Each.....50c to \$1.00
- Broom, Scotch**—Bright green leaves and branches. Yellow flowers in June. Not very hardy. Four feet tall. Each75c to \$1.50
- Buddleia—(Butterfly Bush.)** A graceful shrub with spikes of fragrant lilac lavender. Blooms all Summer, dies back to ground each Winter here. Six feet tall. Each.....\$1.00 to \$1.50
- Calycanthus**—Old-fashioned sweet smelling shrub. Chocolate colored flowers. Dwarf habit, about three feet tall. Each.....75c to \$1.00
- Deutzia Crenata Rosea**—Pink and white flowers in May, about five feet tall. Quite upright in growth. Each50c to \$1.00
- Deutzia Gracilis**—Dwarf, two feet tall. Slender graceful leaves and branches, pinkish white flowers in June. Each50c to \$1.00
- Deutzia Lemoinei**—Flowers extra large, white; three to four feet tall. Blooms in June, very attractive. Each50c to \$1.00
- Deutzia Pride of Rochester**—Double white, pearl like flowers, in late April, good foliage. Six feet tall. Each50c to \$1.00
- Dogwood, Red Siberian**—Bright red bark; cream flowers in June, rich deep green leaves. Eight feet tall. Each75c to \$1.00
- Elder, Golden Leaf**—Bright golden leaves most of the Summer, creamy clusters of bloom in July. Six to eight feet tall. Each.....50c to \$1.00
- Elder, Racemosus**—Deep green foliage, white blossoms in May followed by showy red fruit. Five to seven feet tall. Each.....75c to \$1.00
- Euonymus Europaeus (Burning Bush)**—This shrub is planted for its fall and winter display of scarlet and orange berries. Unique and beautiful. Five to six feet tall. Each75c to \$1.00
- Filbert, Purple Leaf**—A striking shrub with large, dark purple leaves throughout the season. Five to six feet tall. Each.....\$1.50 to \$2.00
- Forsythia Fortunei**—First shrub to bloom in spring. Yellow bark and golden bell-shaped flowers, followed by green leaves. Six feet tall. Each.....35c to \$1.00
- Forsythia Suspensa**—Same characteristics as Fortunei, but may be used as a drooping shrub or vine. Each75c to \$1.00
- Forsythia Viridissima**—Flowers a little deeper yellow, somewhat twisted; and bark a shade darker, erect grower. Each75c to \$1.00
- Fringe Purple**—Flowers in purple plumes in June, giving the plant a smoky appearance in late Summer and early Fall. Eight to ten feet tall. Each\$1.00 to \$2.00
- Fringe White**—Deep green, leathery foliage. Drooping branches of fluffy white flowers. Ten feet high. Each\$1.00 to \$2.00
- Honeysuckle Morrowi**—White flowers in May or June, followed by bright red berries. Spreading in growth, five feet tall. Each.....75c to \$1.00

OVERMAN'S NURSERY, SPOKANE, WASH.

- Honeysuckle Red Tartarian**—Attractive, useful shrub, flowering freely in May, followed by bright red berries. Six to eight feet tall. Each.....35c to \$1.00
- Honeysuckle White Tartarian**—Blossoms not so showy as the red, but practically the same foliage and berries. Each75c to \$1.00
- Hydrangea Arborescens**—Quantities of white flowers in ball like clusters June to September. Likes shade, grows four feet tall. Each.....75c to \$1.00
- Hydrangea P. G.**—Panicle shaped clusters of white flowers in August turning to pink and greenish bronze in Fall. Six feet tall. May be had in either bush or tree form.
 Bush form. Each.....75c to \$1.50
 Tree form. Each.....\$1.50 to \$2.50
- Kerria Japonica**—Single yellow flowers, deep green bark and foliage, grows about six feet tall, black berries Fall and Winter. Each.....50c to \$1.00
- Kerria Japonica fl. pl.**—Double flowering form of the above, extremely beautiful and effective. Blooms all Summer. Each75c to \$1.00
- Lilac Common Purple**—Old-fashioned garden favorite. Fine for hedges, screening, or individual specimens. Ten feet tall. Each.....35c to \$1.50
- Lilac, Common White**—White of above, but not so free blooming. Each50c to \$1.00
- Lilac Alphonse Laval**—A splendid double sort, sky blue shading to violet at the center. Flowers late in May. Each.....\$1.25 to \$2.00
- Lilac Chas. X**—Deep reddish purple, large panicles, single. Each\$1.25 to \$2.00
- Lilac Mme. Abel Chatenay**—Pure waxy white, double and sweet. Each\$1.25 to \$2.00
- Lilac Mme. Casimer Perrier**—Creamy white, very double and large. A charming, fragrant variety. Each\$1.25 to \$2.00
- Lilac Pres. Grevy**—Flowers perfectly double, a beautiful blue. Blossoms large, truss largest of all, sometimes ten inches long. Each.....\$1.25 to \$2.00
- Lilac Souv. Ludwig de Spaeth**—Exceedingly large flowers, single dark royal purple; immense clusters of great beauty. Each.....\$1.25 to \$2.00
- Oregon Grape**—Fine evergreen shrub, yellow flowers in spring, leaves fresh green; tinged purple, red and bronze in fall. Average height about two feet. Each\$1.00 to \$2.00
- Quince, Japanese Flowering**—A very hardy shrub, bright scarlet flowers in April. Glossy foliage. About five feet tall. Each.....50c to \$1.50
- Snowball, Common**—Grows six feet or taller, covered with immense pure white, ball-shaped clusters of flowers in May.
 Bush form. Each.....50c to \$1.00
 Tree form. Each.....75c to \$1.00
- Snowball Highbush Cranberry**—Flat clusters of creamy white flowers in May followed by large red berries. Eight feet tall. Each.....75c to \$1.50
- Snowball Japanese**—About five feet tall, bushy growth, dark green leaves, solid balls of white bloom. Well liked. Each75c to \$1.50

Plan to Plant Another Tree

- Snowberry Red (Indian Currant)**—Like the white Snowberry, except that its fruits are red, clustered along the stems, and not so large. Each 50c to 75c
- Snowberry White**—Flowers inconspicuous, pink in June, leaves thin, dark green; fruits large, milk white clusters and stay until late Winter. Three to five feet tall. Each.....50c to 75c
- Spirea Anthony Waterer**—Low growing shrub, with flat clusters of crimson flowers all Summer. Very attractive. Each50c to \$1.00
- Spirea Billardi**—A narrow, dense shrub, six feet tall, with panicles of rich pink flowers in July. Each50c to \$1.00
- Spirea Opulifolia**—Fast growing, large and showy. Clusters of flat, white flowers in June. Six to eight feet tall. Each.....75c to \$1.00
- Spirea Opulifolia Aurea**—Rich golden foliage of great beauty most all Summer. Otherwise same as the green leaved sort. Each.....75c to \$1.00
- Spirea Prunifolia**—(Bridal Wreath.) Branches covered in April or May with beautiful small, double, white flowers. Glossy, Prune-like foliage, which turns red and yellow in Autumn. Four feet tall. Each75c to \$1.00
- Spirea Thunbergii**—A fine companion plant for Spirea Anthony Waterer. About same size, average three feet, with fine feathery green foliage and white flowers very early in spring. Each.....50c to \$1.00
- Spirea Van Houttei**—The most beautiful and hardy shrub we know, usually in its glory about Decoration Day; covered with a mass of lovely white flowers produced in clusters all along the stems. Foliage is very attractive all Summer. About six feet tall. Each35c to \$1.50
- Sumac Fern Leaf**—Five feet; handsome leaflets deeply cut and fern-like. Beautiful red and gold in Autumn. Each\$1.00 to \$1.50
- Sumac Staghorn**—Eight feet or more, dense velvety branched shrub. Brilliant foliage and scarlet heads of fruit in Fall. Each.....\$1.00 to \$2.00
- Syringa Avalanche**—Large, fragrant flowers on slender branches which arch gracefully to the ground in June. Four feet tall. Each.....75c to \$1.00
- Syringa Coronarius**—A fine old form, eight to ten feet tall. Blooms early, graceful sprays, sweet scented in May. Each75c to \$1.00
- Syringa Gordonianus**—Strong growing, large flowered. Valued for its late blooming season, July. About six to eight feet. Each75c to \$1.00
- Syringa Grandiflora**—Long irregular branches clustered with large, slightly fragrant flowers in June. Eight to ten feet tall. Each.....75c to \$1.00
- Syringa Virginal**—New, very much worth while. Double flowers, large as a dollar, fragrant and blooms all Summer. Medium sized shrub, with good foliage. Will prove very popular. Each \$1.00 to \$2.00
- Tamarix Africana**—Graceful, with small Juniper-like foliage, delicate rosy pink flowers in April and May. Eight feet tall. Each.....75c to \$1.00

- Tamarix Estivalis**—A handsome and distinct species with bluish foliage and carmine-rose flowers in August and September. Each.....85c to \$1.00
- Tamarix Gallica**—Dainty light pink flowers in slender racemes, leaves bluish green. An exceedingly pretty sort. May and June. Each.....75c to \$1.00
- Tamarix Odessana**—Exquisitely feathered foliage of silvery green, blooming in July and August, with large panicles of lavender pink flowers. Dwarf, growing more bushy and spreading than the others. Each\$1.00 to \$1.50
- Weigelia Candida**—Vigorous upright shrub, with pure white bell-shaped flowers in June. About five feet tall. Each75c to \$1.00
- Weigelia Eva Rathke**—Dwarf, about four feet. Slender and spreading branches, deep green leaves, and a profusion of dark red bell-shaped flowers all Summer and Fall. Distinct and beautiful. Each75c to \$1.50
- Weigelia Rosea**—Fine rose colored blossoms in June. A good grower; height about five to six feet. Beautiful. Each75c to \$1.00
- Weigelia Variegated**—Leaves margined white and pink, very striking. Blossoms, light pink. Dwarf, about three feet. Each.....75c to \$1.00

Evergreens

Our Evergreens have been transplanted several times, and we deliver them to you with compact balls of earth around the roots, wrapped in burlap, as the last word in insuring their growth.

- Arborvitae Compacta**—A compact growing dwarf type, much admired. Each\$2.50 to \$3.00
- Arborvitae Globosa**—The globe-shaped Arborvitae. Symmetrical in growth, dark green in color. Desirable for planting in tubs, and formal garden effects. Each\$2.50 to \$3.00
- Arborvitae Pyramidalis**—A tall, dignified column of dark green. Usually planted in pairs on each side of a porch, lawn or entrance to grounds. Each\$3.00 to \$5.00
- Arborvitae Siberian**—Exceedingly hardy. Conical in outline with dense slatish blue foliage. Each \$2.50
- Arborvitae Tom Thumb**—A dwarf form of Arborvitae, rounded in shape. An interesting addition to any planting. Each\$2.50
- Juniper Communis**—Low, spreading, rich green above, silvery white underneath. Each.....\$2.00
- Juniper Irish**—Grows tall and slender; bluish green with silver sheen. Very popular and satisfactory. Each\$1.00 to \$7.50
- Juniper Pfitzeriana**—Semi-prostrate, with feathery-like branches, bright green foliage. Each.....\$2.00
- Juniper Sabina**—Semi-prostrate, spreading, good for rock work and planting in front of taller growing evergreens. Each\$2.00 to \$3.50
- Juniper Sabina Tamariscifolia**—One of the best of the creeping Junipers, desirable for the texture and color of its foliage which is of a bluish cast. Each\$3.00 to \$4.00

Shrubs Beautify the Home

- Juniper Silver**—Tall and slender, beautiful silver white color. A new introduction which will prove very popular. Each\$2.50 to \$5.00
- Juniper Virginiana**—One of the strongest and most vigorous growing of the evergreens, ranging in color from green in Summer to varying shades of rich purple and red in the Fall and Winter.
Each\$1.50 to \$5.00
- Juniper Virginiana Glauca**—Very desirable. An aristocrat of the evergreen family, retaining its blue coloring throughout the entire year. Each.....\$10.00
- Juniper Virginiana Kosterii**—One of the most rapid growing of the prostrate type. Attractive marine blue foliage which turns to a rich purple with the first touch of frost. Each.....\$1.50 to \$3.00
- Juniper Waukegon Prostrata**—Naturally spreading, rarely exceeds a few inches in height, with a diameter of several feet. Will do well in sandy or rocky ground. Green in Summer, rich purple in Winter. Each\$2.00 to \$3.50
- Pine Mugho (Dwarf Mountain Pine)**—Rich green, making a pleasing contrast in color when planted in front of other evergreens. Each.....\$2.00
- Spruce Black Hills**—An extremely hardy, rapid growing member of the Spruce family, symmetrical in form, with needles of a dark green cast.
Each\$2.50 to \$5.00
- Spruce Colorado Blue**—The most desirable and admired of the Spruce. Blue in color as its name suggests. Very scarce. Each.....\$4.00 to \$6.00
- Spruce Norway**—Light green, rapid growing, extremely hardy. Each\$2.50 to \$5.00

Hedge Plants

- English Privet**, per 100.....\$7.50 to \$15.00

The closely trimmed, glossy green hedges are of the English Privet. If the hedge is to be for ornament especially, use some of the flowering shrubs, such as:

- | | |
|---------------------------|-------------------|
| Spirea Van Houttei | Spirea Thunbergii |
| Japanese Flowering Quince | Syringa |
| Tartarian Honeysuckle | Lilac |
| Barberry Thunbergii | Roses |

Sizes and prices of the above upon request.

Climbing Vines

AMPELOPSIS

- Engelmanni**—The best all around hardy clinging vine for this country. Five fingered leaves, rapid growing. Each50c to \$1.00
- Boston Ivy**—Three-fingered leaves of great beauty, close clinging, beautiful Autumn coloring. Not so hardy. Each50c to \$1.00
- Virginia Creeper**—The old standby, quickest growing and hardiest of all. Not of as clinging a nature as the other two. Each.....50c to \$1.00

CLEMATIS

- Henryii (White)**—Large flowering, fragrant.
Each\$1.00 to \$1.50

- Jackmanii (Blue)**—Large, dark blue; very popular.
Each\$1.00 to \$1.50
- Mme. Ed. Andre (Red)**—Called the crimson Jackmanii.
Each\$1.00 to \$1.50
- Paniculata**—Small white starry clusters of bloom in September, very fragrant. A fine vine.
Each50c to \$1.00

HONEYSUCKLE

- Halleana**—This is Hall's Japanese Honeysuckle, yellow flowers and beautiful foliage. Exceedingly good.
Each50c to 75c
- Monthly Fragrant (Belgica or Dutch Honeysuckle)**—Pink and white, sweet smelling, almost everblooming, very well liked. Each.....50c to 75c
- Red Coral**—The old-fashioned Scarlet Trumpet Honeysuckle, so well loved in our grandmothers' gardens.
Each50c to 75c

OTHER KINDS OF VINES

- Dutchman's Pipe**—Large heart-shaped leaves, chocolate brown blossoms, shaped like its name. Quick growing. Each75c to \$1.00
- Bignonia Radicans**—The Trumpet creeper. Orange scarlet blossoms of good size, bronzy, deeply cut leaves. Each75c to \$1.00
- Euonymous Radicans Vegetus**—Pretty, evergreen vine, with very tenacious tendrils. Excellent for rock work, concrete walls or brick, as well as wood.
Each\$1.00
- Wistaria Chinese Purple**—A rapid growing vine of good proportions, which blooms only occasionally in this climate, pendant clusters of sweet pea-like flowers. Each75c to \$1.50
- Wistaria Chinese White**—The white variety of the above. Each75c to \$1.50

Peonies

Peonies are among the most beautiful of flowers, ranking close second to Roses in the estimation of many. They require less attention and care than any other class of plants and give a hundredfold reward for every bit of cultivation they receive. Their beauty and lovely fragrance are unmatched, and no home should be without a few specimens, at least, blooming in June and July.

EARLY VARIETIES

- Officinalis Alba**—Early white, changing to glossy soft pink. Each60c
- Officinalis Rosea**—Soft rose, one of the best early pinks. Each60c
- Officinalis Rubra**—The most popular and desirable of all the red peonies that bloom early, large; globular. Each75c
- Queen Victoria**—A pure rich white, large size and fragrant. Blooms about Decoration Day. Each.....60c
- Eduilis Superba**—Bright clear mauve pink with silvery reflex. A splendid cut flower for Decoration Day. Each60c

Grape Vines are Easy to Grow

Perennial Phlox

One of the most easily grown hardy perennials. Usually about two to three feet tall, and giving a profusion of lovely flowers all Summer and Fall. Our plants will bloom the first season.

Each 30c

Per 10, \$2.50

Coquilicot —Fine scarlet, with deeper eye. Dwarf, best of the scarlets.
Elizabeth Campbell —Bright salmon pink. Rich and pleasing. Medium tall.
Fraulein Lassburg —Large, fine pure white. Dwarf.
Geo. A. Strohle in—Medium bright scarlet, crimson eye. Does not fade in hot weather. Medium height.
Miss Lingard —Pearly white, fine foliage, tall.
R. P. Struthers —Cherry red with a deep red eye. A fine sort. Tall.
Rhynstrom —Pink, like a Paul Neyron rose. Large, attractive, tall.
Widar —Beautiful lavender, with darker center. Medium height.

Dahlias

Dahlias, with their profusion of bloom in wonderful shades and colors, ranging from those large and shaggy to the smaller, dainty varieties, make a gorgeous close to the blooming season in the garden. They are the latest of the flowers, lasting until freezing weather.

CACTUS DAHLIAS

Charles Clayton—Long stemmed, vivid dazzling crim-

son, large and free flowering. Very attractive.	
Each	35c
Countess of Lonsdale —Exquisite shade of rich salmon, with tinge of apricot at the base of petals.	
Each	50c
Golden West —Long stiff stems, golden yellow. Very rich.	
Each	75c
Kalif —Pure brilliant scarlet, a wonderful sort. Large.	
Each	75c
Mrs. Ferdinand Jeffries —Deep velvety garnet red, curved and twisted petals, exceedingly large, handsome.	
Each	75c

DECORATIVE DAHLIAS

Delice —Beautiful glowing, soft pink. Fine for cutting.	
Each	35c
John Wanamaker —Violet mauve or soft lavender. A wonderful variety of good size, hardy and profuse blooming.	
Each	50c
Mina Burgle —The best scarlet red ever introduced. Large size, long stems, fine for cutting.	
Each	35c
Princess Juliana —The white Delice, but has longer stems and is even freer in blooming. Very good to have.	
Each	35c
Souv. Gustave de Doazon —Magnificent rich scarlet, the largest and best known of all decorative varieties.	
Each	35c

PEONY FLOWERED DAHLIAS

Duke Henry —Brilliant red. Large petals, rich texture.	
Each	35c
Geisha —The showiest and most attractive of the Peony type. Petals, long, curved and twisted, scarlet and gold.	
Each	75c
Queen Emma —Magnificent; charming shade of pink; broad petals, long stems, free bloomer, fine for cutting.	
Each	35c
Queen Wilhelmina —Fluffy, pure white, with rich golden stamens. Not very double, but extra handsome.	
Each	35c
Sonora —A superb new shade of old gold. A choice variety.	
Each	75c

Gladioli

Splendid showy, summer flowering bulbs. Grow readily in even poor soil, though good surroundings and cultivation greatly improve their quality.

First size bulbs only.

Quotation on second size if requested.

Also on 100 lots.

- Baby Ellen Poulson (Pol.)**—Dark, brilliant pink. Fragrant.
- Baby Erna Teschendorff (Pol.)**—Deep crimson, ever-blooming.
- Baby Joanne d'Arc (Pol.)**—Pure white, large clusters.
- Betty (H. T.)**—Coppery rose, full and fragrant. Pointed buds.
- Cecil Brunner (Pol.)**—Salmon pink, the beautiful little corsage bouquet rose.
- COLUMBIA (H. T.)**—Glowing pink, deepening as it opens; long stems; fragrant, shapely buds; a splendid variety. Each.....\$1.00
- Conrad F. Meyer (R.)**—Silver pink, hardy early flowering.
- Crimson Queen (H. T.)**—Rich bright velvety crimson, always in bloom, a grand garden rose, strong upright grower.
- Dorothy Page Roberts (H. T.)**—Long buds, coppery pink and apricot. Very free blooming. Fine for cutting. Each85c
- DUCHESS OF WELLINGTON (H. T.)**—Intense saffron yellow and copper. The Orange Killarney. Excellent variety here. Each.....\$1.00
- EDITH PART (H. T.)**—Rich red, suffused deep salmon, and coppery yellow with a deeper shade in the bud of carmine and yellow. Each.....\$1.00
- Etoile de France (H. T.)**—Dark crimson, very fine bloomer. Each85c
- Etoile de Lyon (T.)**—Clear bright yellow; beautiful golden buds.
- Florence Forrester (H. T.)**—Snow white, tinged lemon, exceedingly large full double flowers, free blooming and vigorous. Each85c
- Frau Karl Druschki (H. P.)**—The most universally popular white rose in existence. Pure, waxy texture; large and shapely.
- George Ahrends (H. P.)**—The pink Frau Karl Druschki. Fine.
- George Dickson (H. P.)**—Large perfectly shaped flowers, rich blackish crimson, fragrant. Very desirable.

OVERMAN'S NURSERY, SPOKANE, WASH.

- Gen. Jacqueminot (H. P.)**—The old favorite dark red rose.
- Gen. McArthur (H. T.)**—Vivid scarlet crimson, always in bloom.
- Gruss an Teplitz (H. T.)**—Rich, fiery red; bronzy foliage.
- HADLEY (H. T.)**—Very double, deep velvety crimson. A strong rapid grower, long stiff stems. Unusually good sort. Each\$1.00
- Hoosier Beauty (H. T.)**—Glowing crimson scarlet, darker shadings. Long buds, velvety texture, magnificent flowers. Each85c
- J. B. Clark (H. P.)**—Deep scarlet, shaded blackish crimson.
- JULIETT (A. B.)**—Outside of petals old gold, interior rich rosy red, changing to deep rose as flowers expand. Each\$1.00
- Kaiserin (H. T.)**—Lemon white buds, reflexing petals. Beautiful.
- Killarney (H. T.)**—Shell pink, long pointed buds; free bloomer.
- KILLARNEY QUEEN (H. T.)**—Exquisite; an improved Killarney much superior to the original, fuller and blooms all Summer. Each.....\$1.00
- La France (H. T.)**—Silvery pink, fragrant and good. Always popular.
- LADY HILLINGDON (H. T.)**—Long willowy stems and buds, deep golden yellow. Keeps its color well. A desirable variety. Each\$1.00
- LADY PIRRIE (H. T.)**—Coppery apricot and fawn. Strong growing, free blooming, and very lovely. A choice rose. Each\$1.00
- LOS ANGELES (H. T.)**—Luminous flame pink, toned with coral, shaded translucent gold at the base of petals. Buds long and pointed and expand into an intensely beautiful and fragrant flower of large size. A winner. Each\$1.50
- Mabel Drew (H. T.)**—Deep cream, passing to intense canary yellow.
- Maman Cochet (T.)**—Clear rich pink, fine for cutting. Large and full, lovely for bouquets. Each.....85c
- Margaret Dickson (H. P.)**—Large white with pale flesh center. Each85c
- Mme. Abel Chatenay (H. T.)**—Golden pink, flushed orange and fawn.
- Mme. Caroline Testout (H. T.)**—Bright, satiny pink; sweet and free blooming. By all odds, the best beloved and most dependable pink variety.
- MME. EDWARD HERRIOTT (H. T.)**—Daily Mail Rose. Green bronze foliage, finely formed bud, coral red shaded with yellow and bright rosy scarlet, making a color impossible to describe. Exquisite. Each\$1.00
- MME. MELANIE SOUPERT (H. T.)**—Salmon yellow, shaded orange. Delightful fragrance, form and color. Stems long and graceful; buds of fine substance. One of the very best. Each.....\$1.00
- Mrs. Aaron Ward (H. T.)**—A most striking color, Indian yellow, washed salmon rose. Buds are cupped and deep. Each.....85c

- Mrs. A. R. Waddell (H. T.)—Long pointed buds of rosy scarlet, opening coppery salmon, large, semi-double and extremely showy. Foliage dark, glossy green. Very free blooming and popular. Each 85c
- Mrs. John Laing (H. P.)—Soft pink, very long stems. Few thorns. Each85c
- My Maryland (H. T.)—Pointed buds, intense salmon pink. Each85c
- NATIONAL EMBLEM (H. T.)—Dark crimson of perfect shape, habit and foliage; as a bedding, massing and cutting rose it is unique. Buds long and pointed opening to large full, handsome flowers. Each \$1.50
- OLD GOLD (H. T.)—A vivid reddish orange with rich coppery red and coppery apricot shadings. A gem for cutting, having long stiff stems. Each.....\$1.00
- Ophelia (H. T.)—Salmon flesh, shaded with rose. Fragrant, excellent. Each\$1.00
- Paul Neyron (H. P.)—Extremely large, deep pink. Almost thornless.
- RADIANCE (H. T.)—Brilliant rosy carmine, strong grower, excellent. Each\$1.00
- RED COLUMBIA (H. T.)—Brilliant scarlet crimson of exquisite shade, one of the freest bloomers in existence; beautiful foliage. Each\$1.50
- RED RADIANCE (H. T.)—Glowing crimson, enormous globular flowers on heavy canes. Magnificent, either for garden or cutting. Each.....\$1.00
- ROSE MARIE (H. T.)—A grand new Rose, rich watermelon red. Each\$1.00
- SOLIEL D'OR (A. B.)—A wonderful mixture of reddish gold, orange yellow and rosy pink. Vigorous, hardy and robust. Flowers very double, but on short stems. Should be in every rose garden. Each \$1.00
- SUNBURST (T.)—Orange copper, shaded golden yellow. Long stems, pointed buds, an excellent cut flower. Exceedingly popular. Each.....\$1.00
- Ulrich Brunner (H. P.)—Rich cherry red and thornless.
- White La France (H. T.)—White tinged pink, very fine bloomer.
- White Maman Cochet (T.)—Creamy white flowers, tinged blush. Each85c
- Winnie Davis (H. T.)—A superb rose, apricot pink, fine form. Each85c

Flower of Fairfield (Pol.)—Rich deep crimson, very good. Each	50c
Silver Moon (Wich.)—Large, single white, rich golden stamens.	
Tausendschoen (Pol.)—Rose and carmine, changing to delicate pink.	

Definitions of abbreviations showing to which class each variety belongs and its habits.

- A. B.—Austrian Briar.** An ironclad, sturdy class of Roses, very little known. Varieties belonging to this family can resist the coldest winters, and are profuse bloomers in early June, though not continuous through the Summer.
- H. P.—Hybrid Perpetual.** Strongest growing of the Rose family. Extremely hardy, and bloom luxuriantly in June, with an occasional blossom in the Fall. The members of this class thrive where other sorts will not grow; and are usually four or five feet tall.
- H. T.—Hybrid Tea.** The most satisfactory kind, combining lasting fragrance and color and almost continuous bloom of beautifully formed buds and blossoms, valuable for cutting. They need some protection in the Winter months, but are well worth it. Height, three to four feet.
- T.—Tea.** A Tea Rose is the most delicate and beautiful of all. It excels for bouquets and cut flowers, but is extremely tender and should be well protected during the cold weather. Bushes of this class rarely exceed two feet in height.
- P.—Polyantha.** The foliage and flowers are small; flowers produced either in panicles or individually. Hardy, not always everblooming, though the bush sorts frequently are, and average two to three feet tall. Very charming and desirable.
- R.—Rugosa.** Extremely hardy, dense, sturdy compact bushes, four to six feet high and have dark rich foliage of leathery texture.
